Science and the Contemplative Life

Date and Time: **Tuesday 27 January 1-2pm**

Location: Online and in person, Shasha Suite, Woolf Building, Westminster College

Institution: The Faraday Institute for Science and Religion

Leader: Dr Pui Him Ip.

Abstract: Monks contemplate. Philosophers contemplate. But do scientists contemplate? And should scientists contemplate? This seminar introduces and motivates three core questions underlying the new [Faraday Institute Research Hub on 'Science as a Contemplative Activity'](#) launched in April 2025. First, why should science return to its contemplative roots today? Second, how did early Christians situate the study of nature within their account of human spiritual progress? Third, what might it look like to contemplate in a contemporary scientific context? I will illustrate how our Research Hub in addressing these questions will bring together theological and philosophical accounts of modernity, early Christian reflections on spiritual progress, and contemporary sociological study of natural scientists, to develop a renewed understanding of science as a contemplative activity.

Compass Facilitator Training Session

Date and Time: **Monday 2 February 7:30pm**

Location: Online

Organiser: Barnabas Team

Overview: The Diocese of Leeds is offering extra support for running Compass, our tool for helping parishes figure out their next steps in mission.

Compass is a process that churches can do over a few hours to come up with a simple plan to do something different, new or to refocus on what already is working. It doesn't adopt a one size fits all approach, but builds on the strengths, weaknesses and unique challenges a church might face to help them make a plan that is possible. Find out more about Compass [here](#). To help you run Compass, you may need a facilitator. That is, someone who can learn the Compass material, who is able to ask the right questions and assist you by reflecting back what they have heard. If you would like to be a facilitator, then we are running a short training session.

Questions of belonging, identity, and hospitality have come to occupy a central place in public debate, while religious communities have been both participants in, and respondents to, these shifting realities. This symposium seeks to provide a space for thoughtful, rigorous, and constructive dialogue on how faith leaders and communities engage with issues of migration, asylum, integration, and diversity. Welcoming presentations across academic disciplines and practitioner perspectives, the symposium will explore how faith informs responses to the movement of people, and discuss how best to foster collaboration and deepen understanding of the ethical and social dimensions of migration in the modern world.

Cost: General admission: £30. Student: £20. Registration closes 5pm 23rd January

21st Century Archaeological research and Early Christianity

Date and Time: **Tuesday 24 February 1-2pm**

Location: Online and in person, Sasha Suite, Woolf Building, Westminster College

Institution: The Faraday Institute for Science and Religion

Leader: Prof. Ken Dark

Abstract: After more than a century and a half of largely unscientific 'Biblical Archaeology', in the last two decades, mainstream scientific archaeological research has been transforming our understanding of the earliest Christians in the Holy Land. This lecture will outline some of these exciting twenty-first-century discoveries, shedding new light on Nazareth and its surroundings, urban settlement around the Sea of Galilee, the earliest churches, and re-dating the origins of Christian pilgrimage. The implications of each of these for understanding the early Christian world, and even – at Nazareth and on the shores of the Sea of Galilee – for the interpretation of the Gospels themselves, go far beyond the topographical identifications of earlier archaeologists working in this region, offering new insights into both the New Testament narrative and pre-Constantinian Christian life in this region.

Location: Zoom

Theological Institution: College of Preachers

Leader: Revd Dr Michael Hopkins

Workshop Content: This workshop will explore how poetry and preaching are related, and how we can use poetry in preaching and preach poetically. Poetry has always been part of God's way of speaking: woven through the psalms, the prophets, and even the words of Jesus himself. Yet in our preaching, poetry can often be overlooked or flattened into prose. This workshop will explore how poetry can deepen our preaching: by sharpening imagery, stirring the imagination, and helping us proclaim God's truth in ways that touch both heart and mind.

Having Difficult Conversations

Date and Time: **Tuesday 14 April 9:30-12:30pm**

Location: Online

Theological Institution: CPAS

Overview: Most church leaders would agree that Difficult Conversations are not their favourite thing about their role! There can be a temptation to avoid or put off tricky conversations, but this can end up undermining trust and hampering the mission and ministry of the church. This online morning will help to take away the fear of difficult conversations, helping you to embrace them well prepared and with some tools to employ. If we can learn to speak the truth in love then relationships can be maintained and grown, and we can move forward into all that God is calling us to pursue.

Safeguarding in Charismatic Christian Worship Culture

Date and Time: **Wednesday 15 April 4-5pm**

Location: The Skell Building, SK127, York St John University

Institution: York St John University-Centre for Religion in Society

Overview: Many people value charismatic worship as a place where they encounter God in a transformative and deeply meaningful way. But we have also become aware of a repeated pattern of abusive behaviours being facilitated in these spaces. I'll be talking about my research so far which is evaluating the worship culture in four London charismatic evangelical C of E churches using Justin Humphreys and Lisa Oakley's safeguarding evaluation framework. The analysis so far is based on live streamed services augmented by visits to the churches themselves and suggests that a) charismatic worship culture has a tendency to facilitate a very unhealthy safeguarding culture BUT b) some churches are demonstrating ways of doing it better.

This workshop will be led by the Revd Dr Gus Tanner-Ihm.

Wilding Disciple-making and Mission

Date and Time: **Saturday 18 April 10am-12pm**

Location: Woodlands Methodist Church, 71 Wetherby Road, Harrogate, HG2 7SG

Theological Institution: Harrogate School of Theology & Mission

Overview: We are delighted to invite the Rev'd Ben Askew to deliver April's Seminar. Over the last few years there has been a growing interest in the idea of re-wilding. This broad term describes a commitment to letting natural processes lead land management and conservation. It has led many households to discover wildflowers in the lawn during 'no mow may', to the reintroduction of keystone species into eco-systems, and to a re-discovery of the abundance of creation, when allowed space and freedom. I'm keen to learn from this ecological movement, partly because so much of my faith has been grown by enjoying wilder spaces, but also because I think we might find that God's wild Spirit works in surprising and re-energising ways among us as we ease back from control and learn unforced rhythms of grace.

Cost: General £8, Under 18s free

Lessons for the Preacher to Learn from Jack Reacher

Date and Time: Monday 27 April 2pm-4:30pm

Location: Online via Zoom

Theological Institution: College of Preachers

Overview: We, as preachers, have a lot to learn from the discipline of keeping our content and presentation tight, stripped of padding, focused on the idea. The Jack Reacher style of communication has pace, vividness, and engagement while avoiding jargon, showmanship and ego. All of which makes for good communication. Attention-grabbing without being overly dramatic, it is an effective and direct form of communication. In this workshop, we will explore how we, as preachers, can learn to harness this style of communication to convey the great truths of the Gospel. This workshop will be led by Laurence Twaddle. Now retired, Laurence was for many years a Church of Scotland minister whose ministry covered parishes in town and countryside and latterly eight years in Geneva. In the course of his ministry, he supervised several new ministers in training. He is a regular contributor to *The Preacher* magazine.

Clergy Transitions Service

The Clergy Transitions Service (CTS) **provides confidential, personal support for Clergy who are at a vocational crossroad, or who are looking for a fresh opportunity.**

The CTS caters for all backgrounds and traditions in the Church of England – from Clergy currently in parochial posts, sector ministry, new forms of church and mission agencies, as well as ordained people currently employed or engaged in contexts other than the church. It is open to those currently serving in self-supporting posts, who are seeking a stipendiary role.

As well as practical help with developing a personal profile, job applications, and interview skills, the Service can work with individuals to develop a deeper understanding of their strengths and talents. By encouraging participants to develop greater self-awareness, reflect on personal values and think prayerfully about context and culture CTS can support the process of transition.

The CTS opens access to a wide range of resources to support a lifelong, fulfilling service to the Church, including access to a network of practitioners inside and outside the Church.

There is a cost of £400 plus VAT for an individual to use the Clergy Transitions Service for up to a year. If you wish to access this service you will either need to pay for this yourself, or apply to the Director of Ministry Formation (Steve Proudlove) or your area Clergy Development Officer to use your CMD grant. The CDO you contact will treat your accessing the service as completely confidential – but cannot authorize your use of your CMD pot to pay for this unless he/she knows who you are.

If you wish to take advantage of this service, please:

Alongside Scheme

Would you value a companion who can support you in ministry, share their wisdom and experience, and pray for both your personal flourishing and for the ministry to which you have been called?

Provider: ReSource (Charity Number 1180394). ReSource exists to support local churches in spiritual renewal. With Anglican roots, we work in the Church of England and beyond, with a particular focus on 'little, local, ordinary' churches and their leaders, lay and ordained.

What is it? The Alongside Scheme supports church leaders in the whole of their lives, both their ministry context and their personal life of prayer. Prayerful, personal support for church leaders.

A trained ReSource Companion undertakes to meet with a church leader on a mutually agreed pattern, online and/or in person, and also commits to pray for the church leader in between their meetings.

As a prophetic voice and critical friend, the ReSource Companion offers:

- a commitment to pray regularly for the church leader
- objectivity from an outside context
- the wisdom of their own ministry experience
- the courage to ask searching questions
- the giftedness to offer wise counsel where that might enrich a leader's life and ministry

Frances Ashton Charity

Help for serving and retired members of the Clergy of the Church of England and widows/widowers thereof.

Since 1747 Frances Ashton's Charity has been helping those who spend their lives serving God and their parish. The Frances Ashton Charity will consider a modest grant for almost any purpose which is causing financial hardship. For example, we could help with:

- The cost of a new pair of glasses
- A respite care break for a disabled family dependent
- The cost of a family holiday
- The cost of repairing a broken boiler

Particular priorities for support include unforeseeable emergencies, medical or care needs for the applicant or their dependents. Whilst the trustees meet formally twice a year, we try to respond to requests as and when received, especially when hardship is immediate. There are a few exceptions where the Charity is unable to help, for example parish expenses or private education.

If you are serving, retired or a widow/widower of a member of the clergy of the Church of England and you have a hardship, please ask us for an application form and the full guidance notes. For an application form and guidance please contact us, or download a form from our website.
