ESP
Enhanced Service Plan
22/23

Welcome

This is our new Enhanced Service Plan (ESP) brochure for 2022/23. It provides information and details of the range of high-quality support and professional development that we offer all schools across our nine local authorities and thirteen multi-academy trust partners. Like everyone, we are hoping that 2022/23 will be a better academic year for us all where we can grow and develop in partnership with all our schools through our support and training packages.

We believe that we offer a different kind of service to other providers and by signing up to the ESP you become part of our family of schools across the diocese. It's great that 97% of our 240 schools now buy into our service which supports the size of team and quality that we can provide. Each of our named advisers has experience of being a successful headteacher, which is unique. We now offer support for headteacher recruitment, school reorganisation, networks, briefings, SIAMS reviews and support, adviser input at Ofsted and SIAMS inspections, buildings support and much more besides. This is only possible because of your commitment to our work. We believe that by joining the ESP you are not just buying a service but also buying into a communion of schools, the sum of which is greater than the parts.

We believe our support makes a real difference in helping our schools improve the outcomes for the pupils in their care, delivered in the spirit of the Diocesan values of Loving Living Learning. Feedback indicates this is the case – some of which is in the brochure!

After five years of holding our prices, we have had to make some increases. Heads we have consulted about this have said it is to be expected. We believe our new prices are still very competitive and feel we offer great value for money. We look forward to continuing to work with you in 22/23.

God's blessings for your work and the part you play in helping to make the lives of our young people rich and abundant.

Director of Education

The experience of our advisor is crucial. His previous role as a headteacher meant he understood the pressures and challenges facing ours. His advice and input was therefore based on what happens on the front line rather than being "theoretical". He also understands the challenges being a CofG!
