

10 Pledges for Climate Vision

Young people, will you join together and make a difference to our world?

We hear about climate change all the time and you may be asking the question, but what can I do? Well the answer is lots. Yes, really. We all can. Let's put love into action and be a blessing to the world around us.

These pledges *will* lower our carbon footprint and decrease climate change. Will you say yes to working your way through them over the next year? You can use the chart to say how you are feeling about each one. We know some may not always be possible for you right now - and that's OK, but equally there may be some that you would even consider taking a step further.

Yay, I've completed it!

I'm working on it!

This seems a bit difficult right now

Yes & I'd love to take this further
