To be booked before the end of your first year in post

LyCiG is a locally-developed, nationally-recognised resource we use for furthering our vision for *Confident Christians, Growing Churches, Transforming Communities*. All new clergy are required by the bishop to attend a LyCiG residential course, held in various locations around the country.

The interactive programme covers the following topics:

Understanding our context; postmodern culture; developing a culture of invitation; becoming a mission church; establishing growth structures; Fresh Expressions; preparing and stimulating lay people for evangelism; rural and small churches.

Details are on LyCiG's website: www.leadingyourchurchintogrowth.org.uk

Clergy are encouraged to attend the conference with lay members of their parish, but diocesan funding is not available for this.

3. Mission and Ministry in a World of Religious Diversity

To be booked during your first year in post

Presence and Engagement (P & E) is a national Anglican initiative helping churches, schools and chaplaincies function in a world of religious diversity. In the Diocese of Leeds, P & E activity is co-ordinated by Faithful Neighbours (formerly BCDD), an enterprise supporting parishes for over ten years. All new clergy are required by the bishop to attend two one-day P & E courses.

Details are available from Emily Tidball on emily.tidball@leeds.anglican.org or 0113 3530230
