

Say YES to A Global Education

Fair Grounds, established in 2006, is a Yorkshire based, fair trade social enterprise.

A successful ethical business, we import and sell gifts and jewellery from eight countries across four continents. We have direct contact with all of our producers and have visited those in The Philippines, India, Kenya, Uganda and Tanzania, gathering stories, videos and photos which we use in our educational work.

We are **passionate about promoting Global Education** among children and young people in Bradford, Leeds and the wider West Yorkshire area. We bring the world and its current issues to your students in relevant, educational and creative ways, linked to the National Curriculum.

Empowering the adults of tomorrow to make a positive difference as active global citizens today!

If you would like to talk about how we can work with your students and discuss our costs,

please

"...the work you have done has really helped to educate the children about Fair Trade and raised the profile of Fair trade with parents and staff."

- Miriam Lord, Primary School Bradford, March 2011

We focus on:

FAIR TRADE

**THE ENVIRONMENT
& SUSTAINABILITY**

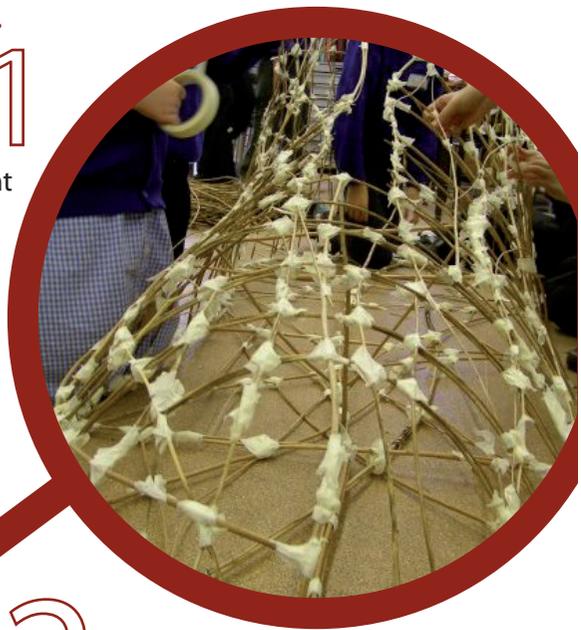

**GLOBAL
CITIZENSHIP**

**ETHICAL BUSINESS
& ENTERPRISE**

A small sample of the global education work Fair Grounds has done in partnership with Bradford primary and secondary schools...

Primary students in Bradford creating a giant trainer to highlight injustices in the clothing industry, such as sweatshops. This prop was used at the Bradford Mela festival in June 2009.

1

2

Year 5 students in a Bradford primary school learnt about Fairtrade Cotton, made sock puppets, then made a video highlighting the issue. March 2011.

Students from 3 Bradford secondary schools came together for a day of workshops and creative action, which included writing and performing a drama on Climate Change. February 2008.
